MANSCRIPT

DEDICATION

Mr. J. R. BESANCENEY

We, the members of the class of 1953, earnestly desire to dedicate this Manuscript to Mr. Theodore Besanceney. At all times carrying out the virtues and precepts of knight-hood, he has endeared himself to the hearts of each one of us. By his shining example of living he has set for us standards and goals toward which we may constantly strive.

The calm wisdom of a scholar, the chivalry of a prince, and the humor of a court jester combine to form our incomparable "Mr. B." The darkest days could not be drear in his presence. When trouble lurks, his helping hand is forever extended. His guidance in class projects is limitless and deeply appreciated. For all untiring efforts and understanding help we thank you, Mr. Besanceney.

PRINCIPAL

To The Graduates of 1953:

You are the 30th class that I as a teacher in this school have seen graduate.

I am proud of the graduates of this school just as I am sure I am going to be proud of you. I appreciate the personal interest of the faculty members in you as a person. I am pleased with the interest and unselfish effort of the school board members in doing everything in their power to furnish you better facilities and better personnel for your education. I appreciate the cooperation of your parents who have sacrificed in many ways to make it possible for you to get an education.

I wish you success, but I wish to remind you that what you do with your education is definitely up to you.

Very sincerely,

Harvey L. Miller

Through the Years

On the banks along the stream
Lies our Alma Mater,
Like a castle in a dream
Beside the flowing water.

In kindergarten first we met,
And o'er the next six years
The pattern of our lives was set,
In laughter and in tears.

Junior High doors opened to us;
Noble words we thought we'd see.
But our ego hit the dust,
Then came superiority.

Down the mountain fared forth we
Beginning as small Pages,
On the road toward destiny
With guidance from the sages.

Instead of Pages, we were "fools"
At our Initiation.
It wasn't hard to learn the rules
With such expert persuasion.

As Squires, hard labor filled our days,
But we did have lots of fun.
Talent Show and picnic have
Lame ere the year was done.

At last! "I dub thee Knight,"
Said our beloved leader.
We saw the future's lovely light
And we went forth to meet her.

Yearbook, paper, prom and play
Occupied our time.
Working for that day in May
When to our goal we'd climb.

As graduation day comes near,
And friends will soon be parted,
We trace our memories through each year
Since first the class was started.

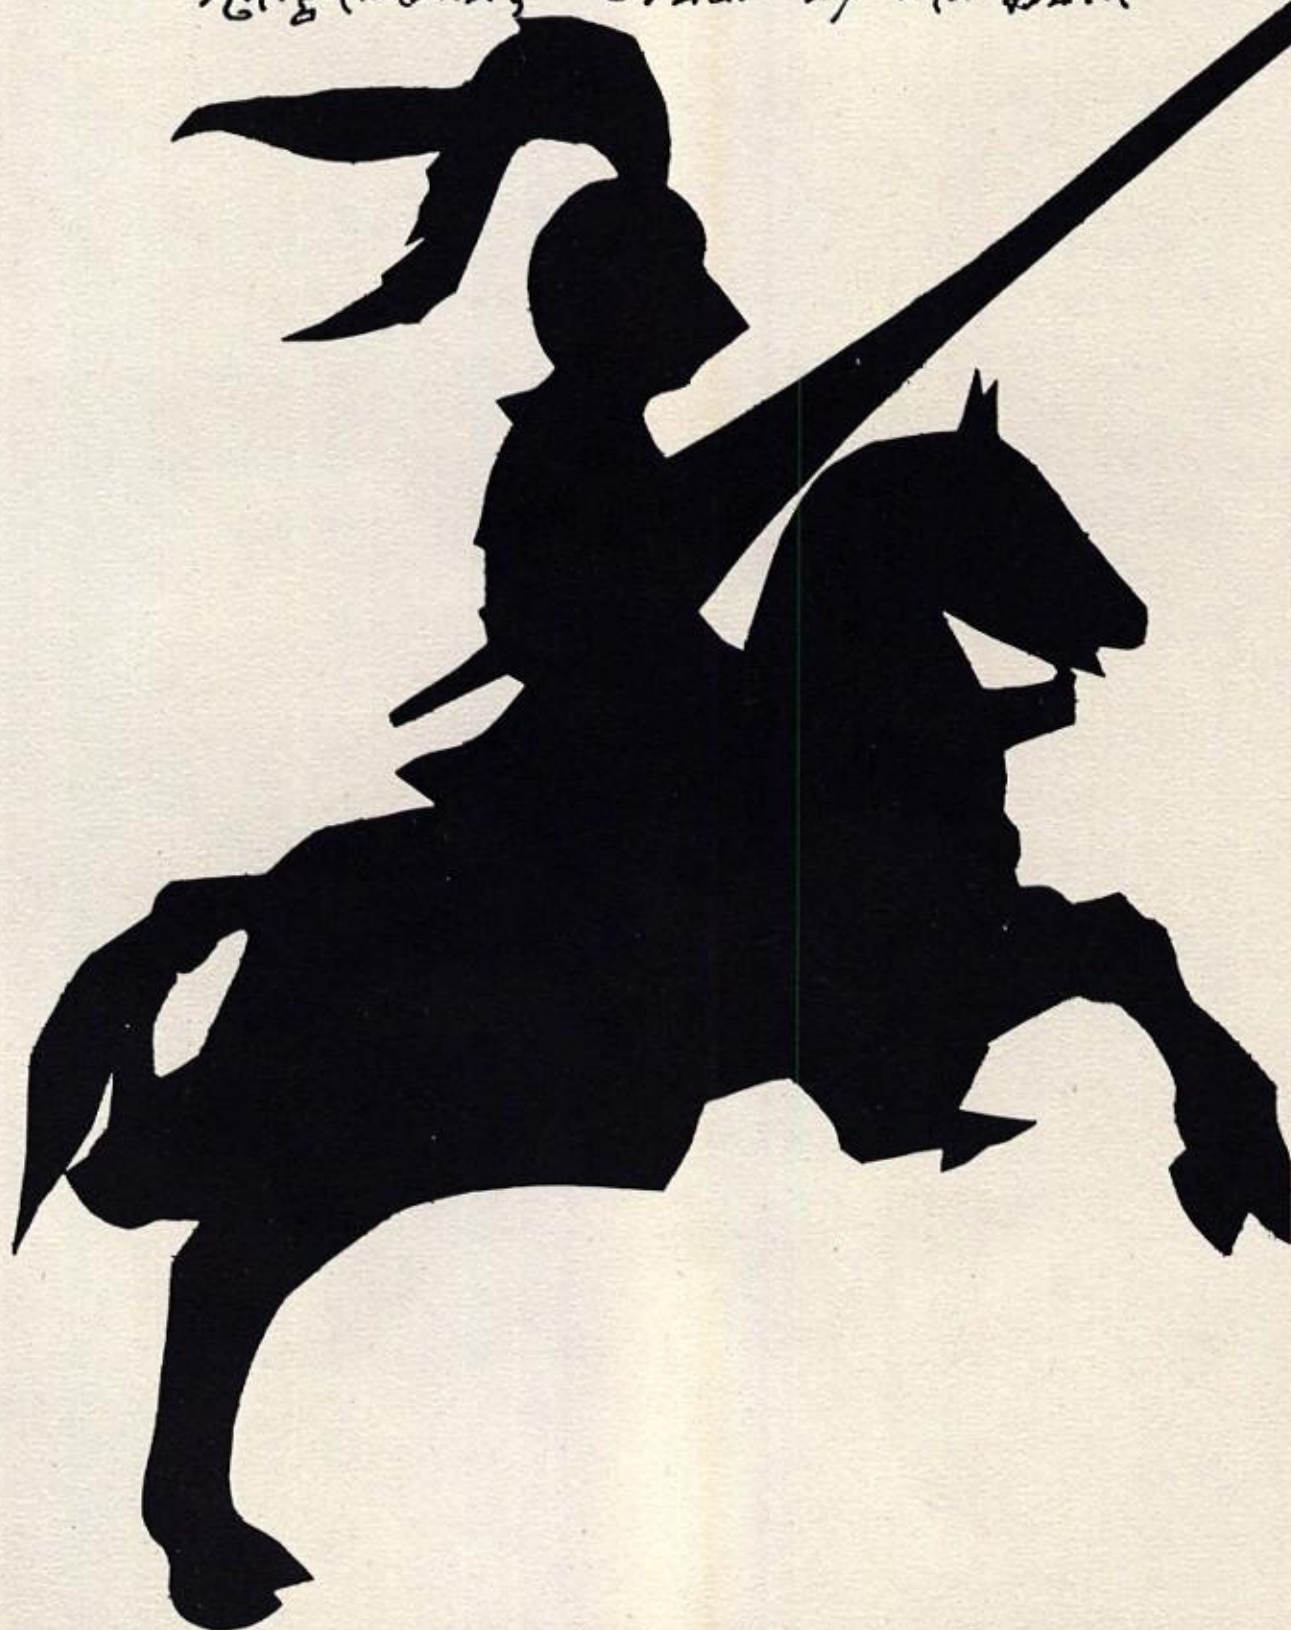

And as life opens up its doors
To us, on our Lunsards,
We pray that our knowledge, when it soars
The hopeful world will aid.

EDWIN BAILEY

Photography and music are Ed's favorite hobbies and as music is his chosen career, he should go far. Eddie and his red head will long be remembered marching along in the band or zipping about on the basketball court. Eddie has captured many memorable scenes from high school days with his camera. If a light suddenly flashes in your eyes, or a bass viol comes walking up the hall, you've found Eddie.

PHYLLIS BAILEY

Black hair, slanting eyes, a slim waist line, and a voice of an angel! Sounds out of this world, doesn't she? Ah, but she's very much in it! She has a practical mind that plans her work and then works her plan, -and we do mean works. Her exceptional talents in music are varied and fine, and her "Phi Beta Kappa" grades testify her intelligence. In the future we will in all probability say, "I knew her when"

ROBERT BARTLETT

If you see somebody zooming around in a blue Ford, it is probably Bob who joined our Knighthood Order this year from Charleston. A willingness to work and a pleasing personality have made him popular with everyone. An Ag student we assume he is planning a farming career.

Chorus 1,2,3; F.F.A. 1,2,3; Band 1, 2; Chapter Farmer 2,3.

CLARA BOLT

Lively, petite, black-haired Clara likes to read and has a passion for horses. She has a beauty which was evident when she was chosen Miss Roseville of 1951. Clara claims to be a manhater. We wonder who the lucky guy will be who will change her mind. Her ambition is to be a secretary, and by the looks of her marks she will be a success.

JOHN BOWER

Small, but swift as a swallow on the basketball court, is John - a fine friend, and a congenial companion, usually quiet until roused-and then look out! Our school will long remember this valiant little guy, who, in a spectacular record-breaking game, rolled up 30 points with the greatest of ease.

MARJORIE BRODERICK

Words cannot describe perfection. When you combine musical talent, capability, fair beauty, and a very superior brain, the results cannot help but be far above what any of the rest of us could ever hope to attain. Her many activities, including the editing of this yearbook and playing solo clarinet with the High School Band keep her busy and at any hour of the day you can see her flying up and down the hall in a flurry of excitement.

PATRICIA BROWN

Here's a lively miss with a bit of dynamite behind those dark sparkling eyes. Pat is one of those lucky people who can change her hair style often and still look attractive; besides all this she rates high on the ladder of well dressed people. She is one of the flashing majorettes but is at her best when she is having a merry good time.

Senior Play Staff 3; Girls' Chorus 1,2; Mixed Chorus 1,2; Athletic Ass'n 2,3; Yearbook Staff 3; Paper Staff 3; Band Majorette 1,2,3; Library Assistant 1,2; G. A. A. 1, 2; Talent Show Cast 2.

SHEILA BROWN

"Lovely to look at, delightful to know--." The words of this song truly fit Sheila, one of the few really beautiful girls in the class. Her clothes are perfect, her poise is natural and without self-consciousness, and her grooming is faultless. As for her artistic talent, words fail us. For evidence, take a look at the school paper and this yearbook. And what's more, when she has a job to do, she does it well, without fuss or bother, and how she does it is beyond us, for there are always a million things waiting for her to do.

MARILYN BULLARD

Marilyn, the charming, capable secretary of our class, has long been popular among her Classmates. Her vivacious, sparkling personality guarantees the fact that you will always find her the center of any group. Her plans for a June wedding have the rest of the Senior girls envious. In conclusion, any time that you see those sparkling eyes and rosy cheeks that denote a person whom it is fun to be around, you'll know that it is Marilyn.

EDITH BURLEIGH

Giggling and a general commotion announce the arrival of Edith, one of the best dressed girls in the Senior Class. She likes boys and horses, no special one! Edith's sense of humor and her practical jokes are known by everyone. Edith certainly adds spice to the Senior Class.

BRUCE CAMANGA

Basketball, tract, and soccer find Bruce always present. His ambition will insure him success, for when there is work to be done Bruce does it quietly and efficiently. His capable reporting of sports events have made him a valuable member of our class and his congenial nature will be long remembered. Just knowing "Cooc", we're sure that he will succeed in any one of his chosen occupations-commercial arts, exploring or chemical engineering.

STANLEY CHAMBERLAIN

"Stan" is one of the more quiet fellows in our class. He is interested in farming and he will undoubtedly make farming his career. "Stan" has a ready grin and a good word for all. He is usually seen down by Mr. Clark's room mornings, between classes, and at noon, for obvious reasons shown by the gleam in his eye.

F.F.A. 1,2,3; Boys' Chorus 1; Mixed Chorus 1,2; Special Choir 2; Sportsmen's Club 2,3.

DORIS COLE

Doris may be small, but she can play sports, especially basketball, like a pro. An ardent equestrian, she is the proud owner of a saddle horse. Her dark good looks and sunny disposition are assets that will make her future a success.

G.A.A. 1,2; Mixed Chorus 1,2; Athletic Association 1; Senior Prom 3; Senior Play Staff 3; Yearbook Staff 3; Talent Show 2; F.H.A. 1.

LLOYD COLEGROVE

If you know our "Tope," we're sure you'll say that he's one grand guy. His pleasant disposition and good looks have made him the respected friend of all of us. Although he is active and proficient in sports and many other activities, he somehow finds time for the girls, and lots of 'em! The airforce will have a valuable man when "Tope" joins up as he plans to do.

HAROLD COOK

"Cookie" is best identified by his roaring Hudson. He appears quiet and shy, but the devil lurks behind those large, soft, brown eyes and that ready grin. His biggest problem seems to be getting to school, but this is quickly forgotten as he zooms on his way to fun.

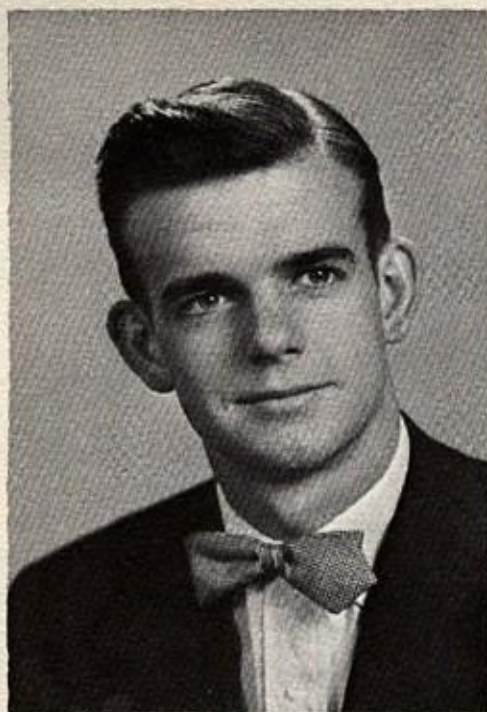

Mixed Chorus 1,2; Boys' Chorus 1; Sportsmen's Club 2,3; Chapter Farmer 2,3.

JOAN CRIPPEN

Soft brown eyes, a shapely figure, and slight southern accent best describe Joan. She has been with our class off and on since ninth grade. The "off" part Joanie spends in Florida getting a sun tan. Her slow warm smile has won her many friends who always welcome her back home.

G.A.A. 1,2; School Lunch 2; F.H.A. 1; Chorus 1,2; Athletic Association 3; Senior Prom 3.

DICK CRITTENDEN

"Oh, those great big beautiful blue eyes", mild manner, fine voice and friendliness compose the active member of the F.F.A. Dick's interests lie in two directions - Sheila and cars. His love for mechanics is demonstrated by keeping a '27 Chrysler roadster in running condition. His ambition is to be a successful farmer and we're sure he will be one.

GERALD DAILEY

Always a headache to the teachers, fun-loving Gerry is a popular member of our class. He can usually be found with a bunch of boys bragging up "Chevies" and .270 Winchester rifles. Gerry is especially interested in "hotrods" and mechanics.

BRIAN DOUD

If you want someone to tell your troubles to, you can turn to Brian without any fear of being exposed. Aside from this wonderful quality, he has a marvelous brain and a wealth of musical talent which he applies mostly to his violin. He is an authority on almost any subject and does well any task that he sets for himself. We wish him luck in his future with music; but if he doesn't have good luck, he'll make it for himself, because his ambition is unlimited.

JAMES EDGERTON

Jim as proved himself a fine fellow and a star performer in basketball, track, and soccer. As "Jimmy John" in the senior class play, he turned in a near professional performance. He has endeared himself to his classmates, for he is good looking, friendly, full of fun, and considerate. Personality! Yes, definitely! Won't he make a wonderful auto salesman?

JOYCE FROST

One of the many nice things that you first notice about Joyce are the shining brown curls that frame her pretty face. Her verve and vitality along with the rest of her outstanding qualities add up to personality plus. She has been a cheerleader ever since ninth grade, and she's always had something to yell for, because her favorite classmate is on the basketball team. Her marks are to be envied, for they are the product of industrious work and a brilliant mind.

HOWARD GOODRICH

Howie is one of our Ex-G.I.'s who came back to school to resume his education, after spending time in both Korea and Japan. Although he keeps pretty much to himself, he made headlines when he had a terrific shiner! We really wish to extend our thanks to Howie for giving many interesting class talks on the countries that he saw.

CLARK HALL

Happy go lucky Clark joined our class as a sophomore. His humor has more than brightened up our classes as well as revealing a likable personality. Playing cornet in the band and being on the Varsity's first five are his greatest accomplishments. He has a mind like a steel trap and we know that that combined with his clever wit will make him a cracker jack engineer.

CHARLES HESS

Capable, fun-loving Charlie is president of the F.F.A. and can often be seen bustling around in the middle of the club's activities. We can never forget the heckling that he gave poor Mr. Milliren in Algebra class, or the twosome he and Mr. Besanceney made when Geometry class rolled around. "Charlie the Third" has made his mark in the annals of M. S. H. S. and he is the sort of person we will talk about to our grandchildren.

CAROL HIGLEY

Take two twinkling eyes, and an infectious giggle, a beautiful alto voice, and a passion for dancing; then mix well with curly, blonde hair, and you have Carol. Besides her interest in the Merchant Marine Academy, Carol keeps herself busy with many and varied activities. If anyone can make a success of being an Elementary teacher, she will, for her understanding of the problems of each individual is great.

WILLIAM HOLBERT

Intelligent, calm, and square as they make 'em, Bill is one of the more handsome members of our class. He is at his best when he's dancing at the Hayloft or clowning around with Bryce and Denny. No one seems to know exactly where Bill's favor is with the fairer sex but whoever it is she will be a lucky girl.

MARGARET HUFNAGEL

That starry-eyed blond streak of lightning you see tearing madly from room to room is just Peg, the other co-editor of the school paper. All of Dr-McMillen's patients forget to be nervous because they're too busy watching his pretty receptionist. When she has completed her college work and becomes a dental hygienist, it is certain that we will be hearing her name a good deal in connection with research work. At any rate, we wish luck and success to Peg who holds a high place on everyone's list.

Mixed Chorus 1,2,3; Athletic Association 1,2,3; Orchestra 3; Girls' Chorus 1; Band 1,2,3; Yearbook Staff 2,3; Choir 2, 3; Hi-Light (co-editor) 3; Play Cast & Staff 3; County Chorus 2; Forensic Contest 3; Sextet 1, 2, 3; Senior Prom 3; Talent Show 1,2; Credit Roll 1,2, 3.

DENNIS HYDE

Words fail us! What adjectives can we possibly find to describe our Denny? He is an ardent supporter of the Senior Class and his fellow classmates. Remember when he ran that free taxi service to and from all the soccer games? A more safe, considerate driver would be hard to find. Denny is a capable mechanic and an experienced used car dealer. We know that with his winning personality and grin he will attain success always.

Boys' Chorus 2; Mixed Chorus 1,2,3; Senior Play Staff 3; Athletic Association 2,3; Sportsmen's Club 2,3.

SHIRLEY JACKSON

Beauty, quietness, courtesy, plus many more desired qualities makes up our lovable Shirley. Her heart belongs to Carlyle who at this time is in Korea. We are sure Shirley will make the future bright wherever she goes.

PRISCILLA JAQUISH

Tall, slim, and charming. This lass is out for a good time. Her contagious giggle can be heard at any time. She is one of the best leaders of the class and her salesmanship is superb. Her main interest is in Tioga. We wonder what that little town holds for the future?

BRYCE JONES

Fun-loving, carefree "Spike" is one of the dreams of the Senior Class. He can usually be found "hot rodding" his Ford or "fixing" it up" in the school shop. Bryce is certain to go a long way with his friendly manner and natural wit.

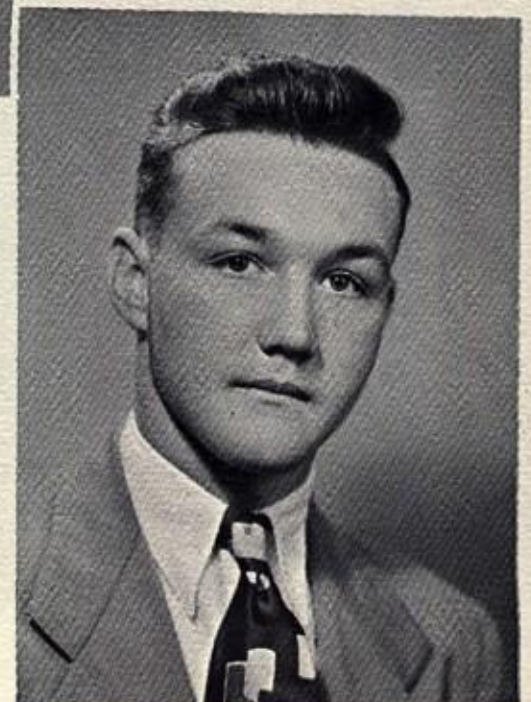

Track 2,3; F.F.A. 1, 2,3; Soccer 3; Baseball 2,3; Chapter Farmer 3; F.F.A.; Basketball 1; Senior Play Staff 3.

LARRY JONES

Tall, handsome, dignified Larry is an old member of M.S.H.S. He returned this fall to continue his education after serving with the National Guards in Germany. Larry appears quiet at first but that gleam in his eyes tells a different story. His friendly ways and polished manners have endeared him to the class of '53 and to the teachers.

Soccer 2; Baseball 2; Athletic Association 2; Sportsmen's Club 2; F.F.A. Basketball 1,2; F.F.A. Treasurer 1; F. F.A. Vice President 2.

RONALD KENNEDY

Ronnie can usually be seen hot-rodding in his "'38 Chevy." A ready grin, good looks, good character, and a pleasing personality make many friends for him. Ronnie, as vice-president of our F.F.A. Chapter, has done much to keep it going. It is well known that he spends much of his time around Troy with his special girl.

F.F.A. 1,2,3; F.F.A. Reporter 3; Band 1,2,3; F.F.A. Basketball 1,2,3; Keystone Farmer 3.

WILLIAM KENNEDY

Bill, a tall, good natured fellow, is more commonly known to his friends as "Wild Bill". Teachers very unjustly claim that Bill is sometimes a headache, but he feels we all need a good laugh occasionally. Bill is another Keystone Farmer and an active member of our band.

MARGARET KNOWLTON

Who's Peg? Well here's a short description. This five foot four inch "gal" has a happy care-free attitude toward life which livens up many a school day. A loyal friend to all, happiness is bound to accompany Peg through life.

G.A.A. 1,2; Mixed Chorus 1; School Lunch 2.

WANDA PRIEST

Flashing smile, sparkling personality, and a smooth figure are just a few of the many nice things about Wanda. She is a genuinely willing helper and is a true asset in each of her numerous activities. With these characteristics won't she make a really perfect nurse?

Cheerleader 1,2,3; Mixed Chorus 1,2; Paper Staff 3; Senior Prom 3; Yearbook Staff 3; Talent Show 1,2; Honor Roll 2,3; Credit Roll 1; G.A.A. 1,2; Athletic Association 1,3; Class Officer 2; Senior Play Staff 3; Financial Planning Committee 3.

DAVID ROBERTS

Dave is the Casanova of our class with a new love every week. The old proverb, "Variety is the Spice of Life", fits him to a "T". This year Dave took over the difficult task of leading the band and has done a swell job. His performances in the Talent Show proved that he could very easily become a second Frankie Laine.

Basketball 2,3; Soccer 2,3; Mixed Chorus 2; Talent Show Cast 1,2; Choir 3; Band 3.

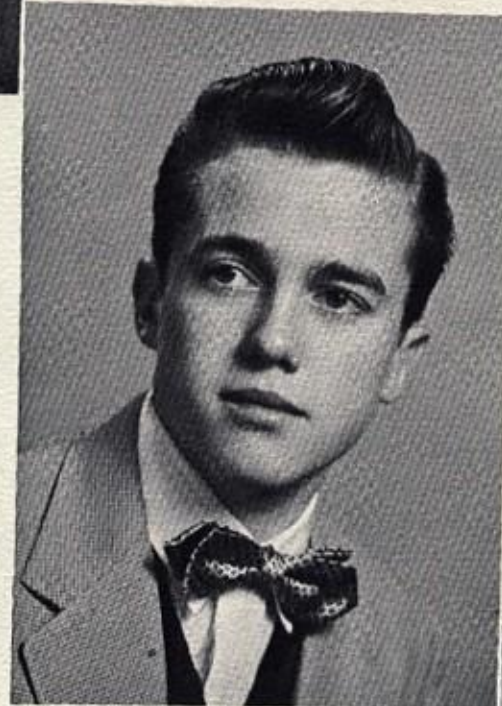

ELAINE ROBSON

It is said that brains and good looks do not mix, but Elaine certainly disproves this theory. Her efficiency, and dependability won her a good job at the bank and her good looks have made her popular with girls and fellows alike. Elaine's future is secure-she is well established on the road to success.

JOHN SCHMIDT, JR.

John, more commonly known as "Skip," came to our class this year from Covington. He always has a big smile and is a member of the F.F.A. "Skip" is a person you just can't help but like and we all know he'll succeed in anything he undertakes.

DUANE SEYMOUR

This "razor-sharp mind" from Mainesburg joined us in 8th grade. He's been a valuable asset to our class and an active member of the F.F.A. He's a good friend to all and fun to know-but be careful-he blushes easily! Getting serious, we know Duane has the ambition to reach the goal he's set, which is to be a veterinarian.

JOAN SHAW

This tall brunette is an active member of the Senior Commercial Class. Most generally you can find her around a gang of kids laughing over a joke. Her infectious laugh is well known by all. Joan hopes to become a model and we wish her lots of luck and success.

Library Assistant 1; Girls' Chorus 1, 2; Mixed Chorus 1,2; G.A.A. 1, 2; Senior Play Staff 3; School Lunch 3; Talent Show 2; Senior Prom 3.

WALTER SHERMAN

This seemingly shy fellow has been a member of our class since we first organized - back in '41. We can tell you he's worth getting acquainted with. He received the Keystone Farmer Degree this winter, which means he's a hard worker and an active member of the F.F.A. Good luck, Walt.

BARBARA STERLING

Although Barbara may be small, she is a swell friend to all with her sparkling personality and a sense of humor. She also is a natural born athlete who can play any sport with the greatest of ease. She has secretarial ambitions and is sure to succeed with her friendly disposition.

LELA STONE

Gay and lively Becky adds a dash of spice to the Senior class. She and her shadow, "Tilly," can always be seen having fun. The Editors of the Hi-Lights really owe a lot to her because of her dependability and accuracy. However, these qualities do not apply just to typing.

F.H.A. 1; G.A.A. 1; Library Assistant 2; Hi-Lights Staff 3;
Athletic Association 3; Senior Play Staff 3.

JANE SWEELY

Sweetness, kindness, a lovely complexion, and soft wavy, brown hair - this combination makes lovable Janie. She possesses the ability to draw anyone into a conversation and her smooth dancing and unique jitterbug steps are the envy of all. Jane's calm disposition enables her to handle any problem.

Girls' Chorus 1,2; Mixed Chorus 1,2; Athletic Association 3; Library Assistant 1; F.H.A. 1; G.A.A. 1,2; Talent Show Staff 2; Hot Lunch 1.

ROBERT SWINSICK

Bob, the class Romeo, is six feet, three inches of brain and brawn. Under the brain category, he has a lively sense of humor that he knows how to use. He can joke just long enough to delight his fellow classmates, and then can turn to serious work just in time to suit the teachers and come up with an excellent report card. Proof of his popularity was shown when he was elected President of the class for two out of three years. As for brawn, just watch him on a basketball court or a soccer field. He hasn't such a bad set of vocal chords, either.

ANN TAYLOR

Modest, curly haired Ann Hides a devilish spark under that demure exterior. She had the honor of being chosen Snowflake Queen at the Senior Prom, and it's not hard to see why after you've been with her for a while. She is considerate of others, is genuinely interested in the problems of her classmates; and, as if this weren't enough, she has an unusual sense of humor that pops out every other minute. If this doesn't help her when she becomes a Kindergarten teacher, nothing will.

LUCILE TICE

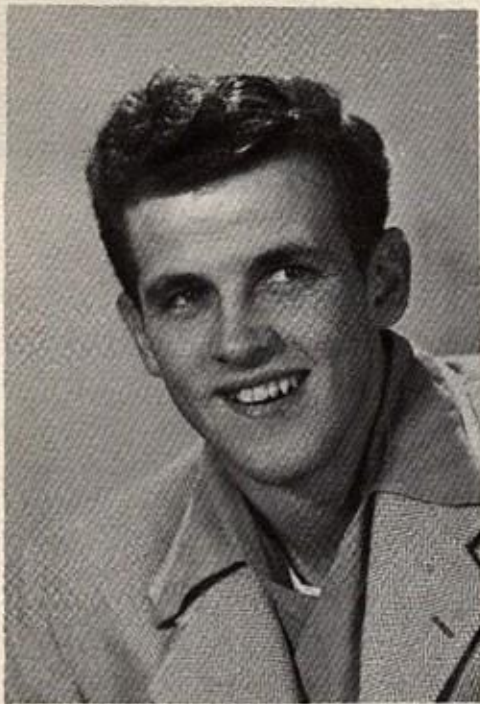

Mix together: ambition, dependability, common sense plus a dash of humor. The result - Lucille. An excellent commercial student and a whiz in bookkeeping, Lucile still finds time to type for the Hi-Lights. Her future is decided for she and Leo have the date set for the summer of 1953!

Eunice Welch

If you hear a happy giggle, you will know Eunice is near. She is an all-around Home Ec. Student.

Hi-Lights

This year, the Hi-Lights Staff has worked hard at publishing a paper primarily for the enjoyment of those who read it. With the help of some of the businessmen of Mansfield we were able to bring the paper to our readers at reduced rates, thus increasing our list of subscribers. We have changed the appearance and the form somewhat and some new features have been added, which have helped to improve the paper as a whole, and we sincerely hope that we have succeeded in bringing all of the news to all of the school, as well as increasing tolerance and promoting better relationships between the different groups.

We wish to thank all of our faculty advisors who have given generously of their time and advice and helped us along on the road to success.

David Roberts

Donna Soper

Ruth Anne West

The twirlers this past year have strutted their stuff to many victories. Even in bad weather they have been out front leading the band with a smile. This peppy group has worked hard to perfect new and different routines. Their effort may have been inspired by their new uniforms.

Dave Roberts has done a marvelous job in taking over Dick Swinsick's place in leading the band - a very difficult position. So we say "hats off" to you, Dave, and the twirlers.

Sextette

The senior girls sextette was organized three years ago and has been performing ever since. All six of the girls are attractive and have added a lot to the programs where they have appeared. They sang for three months over the W. C. B. A. radio station in Corning and they have sung for many local organizations, including: The American Legion, The Emanon Club, The Covington Talent Show, The Mansfield Talent Show, school assemblies, and many others. They will be missed by everyone who has heard and enjoyed their singing.

The Sextette is sincerely grateful to Priscilla Jaquish who substituted for Carol Higley during their Junior year. Those in the sextette are: Carole Witmore, Peggy Hufnagel, Phyllis Bailey, Marj Brodrick, Carol Higley, Ann Taylor.

Dance Band

The High School Dance Band, under the direction of Mr. Baynes, started two years ago as a "combo" organized by Eddie Bailey. Since then it has increased in number from the seven-piece combo to a full twelve-piece dance orchestra. The primary purpose of the band is to give experience in playing dance music to the students.

Front Row: D. Hess, D. Soper, N. Stillwell, J. Secondo, L. Mudge, E. Marvin

Back Row: K. Barron, J. Young, E. Bailey, S. Sundberg, R. Brodrick, S. Wilcox, Mr. Baynes.

Band

The concert band, under the direction of Mr. Baynes, is composed of about seventy five pieces. This group rehearses twice a week and jointly presented a concert with the Junior Band in the spring.

M. S. H. S. also boasts a prize winning marching band. Last spring, with the money won at different parades, it made the purchase of five snare drums. At the Laurel Festival they won second prize; various other prizes were won throughout the summer. In the fall Dave Roberts took over the position of drum major and "led us to victory" for the third consecutive year at the Williamsport Mummers' Parade. However, the biggest honor of the year came when the band was chosen to march in Scranton at the Pennsylvania State Firemen's Parade. Although it didn't place, the band had an enjoyable trip and fine experience. Besides the drum major the band is led by five snappy majorettes. They are Marlene Decker, Ruth Ann West, Patty Brown, Gerry Townsend, and Donna Soper.

Choir

The choir is a group of singers selected for their ability to sing and to read music. The choir participated in the mid-winter concert and in the spring concert. Many members of this organization, as well as chorus members, have attended county, district, and state festivals.

Orchestra

The orchestra, under the direction of Mr. Baynes, has been quite busy this year. It gave a performance at the Senior Play in October and then joined with the chorus in a mid-winter concert. As in the other music organizations, its members have been active in district and state festivals. Mansfield was district orchestra host last winter to about two hundred boys and girls from North Central Pennsylvania.

Chorus

This year the M. S. H. S. chorus acquired a new director, Mrs. Clare Lee. She directed a mid-winter formal concert and another concert in the spring. This organization is composed of approximately forty-five members, many who have attended county, district, and state festivals.

 Could make good soup, and triumph at a pie!"

This year the Home Making girls have elected to improve the Homemaking Department. We achieved this by the following related problems:

In the all-purpose room lined draperies were made as well as sewing machine covers. A screen was covered in a basic color with a motif of the drapery pattern enlarged and applied.

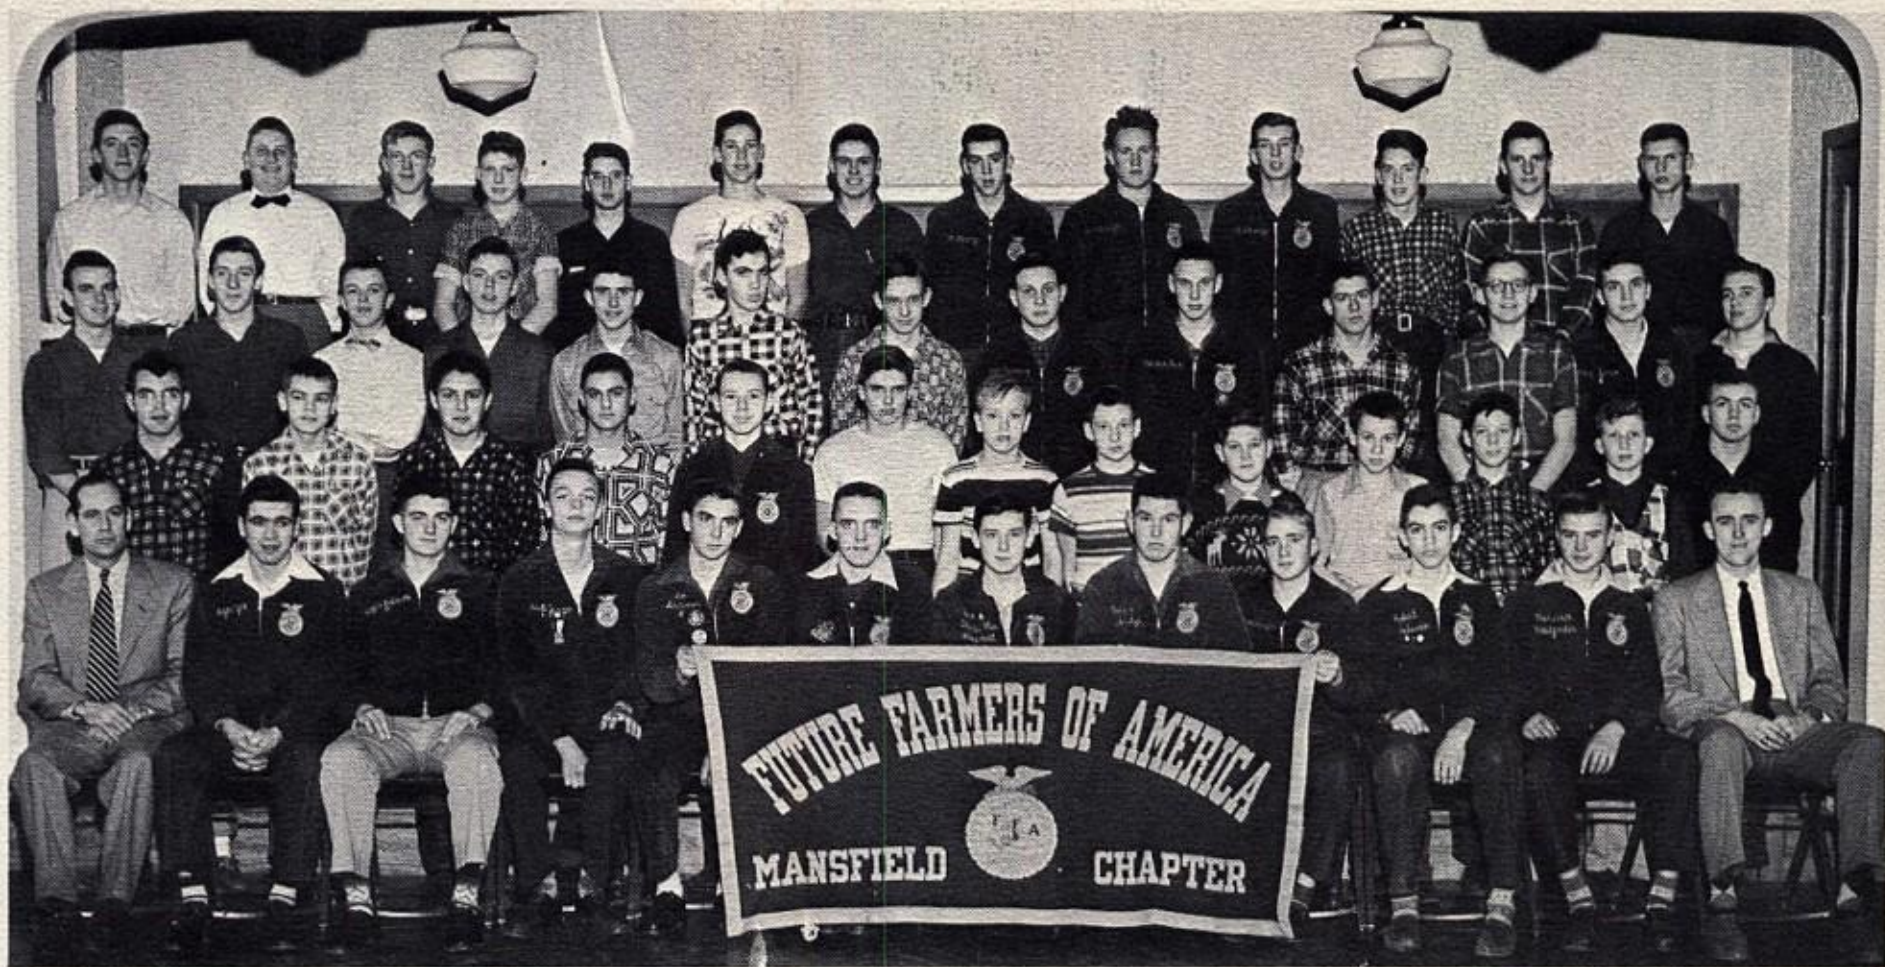

In the living room lined draperies and a slipcover for the studio-couch were made. To complete the decor of the room the F.H.A. purchased lamps for the end tables.

The F.H.A. has been very active this year. It is called the Mansfield Little Women. Chapter projects were the purchasing of a steam iron for the Department and the purchase of F.H.A. pins for all members. The girls served the F.F.A. Father and Son Banquet. Dorothy Sherman was sent to the County Harvest Dance as "the girl most likely to succeed" The F.H.A. prepared boxes for the Junior Red Cross. Other plans include the making of a United Nation Flag and the annual Fashion Show and Tea in April.

The Future Farmers of America is a National Organization of high School boys studying Vocational Agriculture. The "Future Farmers" is the largest organization of farm boys in the world with a membership of more than one half million.

The Mansfield Chapter, with a membership of sixty boys, is one of the largest and most active of the more than three hundred chapters in the state of Pennsylvania.

The local chapter has engaged in many activities during the past year. Among these are the following: Planted fifty thousand forest tree seedlings, worked a three acre apple orchard on shares, butchered beef and hogs for local farmers, sold calendar advertisements which were printed on five hundred calendars and distributed by the F. F. A. boys, sold over two hundred subscriptions to "The Farm" magazine, sponsored a rat control campaign on a non-profit basis, mixing 25lbs. of warfarin with 500 lbs. of cornmeal, for a total of 525 lbs. Up to January 20 we had sold approximately \$500 worth of vegetable seeds and we expect to more than double this amount by May 1.

We have Varsity and Junior Varsity basketball teams entered in the Tioga County F. F. A. league and we have a good start toward winning the first place plaque again this year.

This year the local chapter placed first in the Tioga County project contest and seventh in the state contest.

Four boys-Walter Sherman, Charles Hess, William Kennedy, and Ronald Kennedy-were elected to The State Farmer degree; Ted Wilcox was elected to the American Farmer degree.

Duane Seymour served as County corresponding secretary while Bill Smith served as County Delegate.

Since these are only a few of our activities, we feel we have had a busy and profitable year.

American Farmer

Ted Wilcox

The American Farmer Degree is the highest degree in the F. F. A. and it's limited in number each year to one member for each 1000 active members.

Ted Wilcox received the American Farmer Degree at Kansas City, Missouri, in October, 1952

Ted has been outstanding in his activities in the F. F. A. Some of the many honors which Ted won during his very active F.F.A. career were: was chosen State Sentinel in the Keystone Association; was selected as the most outstanding F. F. A. member in soil conservation practices (1949) and received a \$100 award; placed first two years in State Project Contest with his dairy cow, dairy calf, and small grain projects; elected Sentinel and Vice President of local chapter; sent as Tiogo County delegate to state conventions; received Keystone Farmer Degree, 1948.

Since graduation in 1949 Ted has married the former Sylvia Chamberlain, class of 1951. He is now firmly established in farming with a herd of fifty dairy animals on his own farm.

Ted is the third Mansfield F.F.A. member to receive this degree - John Booth having won this honor in 1950 and Darwin Neal in 1939. Frank Tice, also class of 1949, met all requirements for this degree, but could not receive the degree because of the restricted number accepted each year.

The Keystone, or State Farmer Degree, is the highest honor which can be bestowed upon an F. F. F. member by the State Association. This degree is limited in number to 2% of the active members of the State Association. Members are selected for this degree on the basis of outstanding work in supervised home farming programs; leadership in the local, county, or State F. F. A.; leadership in the school and community; their scholastic record. Mansfield F. F. A. is proud of its record of four Keystone Farmers in 1953 and twenty-three Keystone Farmers since 1945

Hot Lunch

Under the efficient supervision of Mrs. Evans and Mrs. Parker, Hot Lunch was served to approximately 140 each day this year. Many students have assisted in this work. We all appreciate the good meals, cheerful service, and convenience afforded by the Hot Lunch Program.

School Patrol

No one deserves more credit than the members of the school patrol. They have reported in all kinds of weather to help children cross the streets.

Jr. Sportsmen's Club

The Junior Sportsmen's Club is composed of the boys of our school who are interested in the out-of-doors. The Juniors of today are the leaders of tomorrow in sporting. The Club tries to better acquaint youth with the responsibilities of an ever decreasing supply of fish and wildlife--to help them understand how to enjoy more by catching or killing less.

The officers are as follows: Dick Crittenden--Pres., Billy Smith--Vice Pres., Jim Welch--Secretary.

Varsity

This snappy bunch of cheerleaders has been cheering our teams on to victory ever since ninth grade. Their new blue and gold uniforms are unusual, and their clever cheers really give our boys a reason to win. Every single one of the girls is peppy and attractive, and they compare favorably with every other cheerleading squad in the R. T. L.

J. V. Cheerleaders

One of the peppiest bunch of cheerleaders this school has seen in a long time-the present Junior Varsity. In their snappy blue outfits these girls are an added attraction to basketball games. They're on the ball, too. A successful tag day netted them \$25. They've attended all the games and they number six every time.

Best of luck to a swell group of cheerleaders! May you promote as much school spirit in your next two years.

Mansfield, with their new coach, Mr. Bixby, again entered the Roosevelt Trail League - Wellsboro, Elkland, and Cowanesque Valley providing our toughest outside competition. Mansfield opened the league with a 64-57 win over Troy. Mansfield's only other league win came with the defeat of the Canton Bulldogs. At the end of the first half of league play, we were tied for third place with two wins and four losses. Although the Tigers haven't had a championship team this year, they have shown the opposing teams they must work hard to win.

KNIGHTLIFE

Charming Ann Taylor was selected Snowflake Queen and reigned over our "Winter Wonderland."

The wand of the Snowflake Fairy, Judy Besanceney, touched her forehead and revealed her to be the one whom the class had chosen on the basis of charm, beauty, and personality.

She was crowned and then presented a gift from the class by Bob Swinsick, our class president, in a beautiful, yet simple coronation ceremony. The Grand March followed, with Ann and her escort leading, and then came her lovely court composed of Marj Brodrick, Carol Higley, Priscilla Jaquish, and Gerry Townsend, and their escorts.

On the night of December 26, 1952, the Senior Prom, entitled the "Winter Wonderland," was held in the gym of M.S.H.S.

As the couples went under the archway, covered with greens and mistletoe and soft blue lights, they came upon a semblance of a 19th century park, complete with benches, gas lamps, evergreen trees, and even a sleigh. The ceiling was hung with cleverly arranged blue and white crepe paper streamers, centering on a huge bell covered with balloons that worked in with the color scheme. The blue curtains, liberally decked with snowflakes, provided an attractive background for Dick O'Brien's orchestra.

The decoration committee is to be especially commended for the work which it did. Many of them gave up a good many days of their Christmas vacation in order to make the dance a success—which a quick glance around the overly crowded gym floor easily proved.

Class Prophecy

The years have rolled by and we bring you a day in the life of Ann Taylor _____?

Oh, my heavens, here it is seven thirty already! I'd better get up before this new fangled bed throws me out. Honestly, why did Charlie Hess have to invent such a thing! Oh well, I'd better get downstairs and start breakfast. What's this? Why, that Joe Thompson only left me two quarts of milk. I'll have to have a talk with him.

Darn that radio!

"We interrupt this program to bring you a late news flash-----Five Star General Larry Jones has just been made Presidential Candidate at the Republican Convention in Chicago.

"Ladies, do your hands feel like sandpaper? Then-----"

"Hey! Please turn that radio down, the phone is ringing.

"Hello? Oh, Betty, how are you? What? Our former classmate Edith Burleigh's horse "Whiskey" just won the race at Santa Anita? But that bookie, Gerald Dailey, told me that "Burp Boy" was a sure thing. Well, I just kissed five dollars goodbye. I wonder if that new bank president will give me a loan? Bruce Camenga-the president? Why, he was a classmate of mine. I really must hang up now and get the kids to school. Bye."

"Come on, kids, you're going to be late for school and I don't want any more notes from Principal Bartlett.

"Stan Chamberlain! When did you start delivering mail? A letter for me? Why it's an invitation."

-----You are cordially invited to attend a reunion of the class of '53 at M.S.H.S.

Dick Crittenden, owner of the only farm in the world where each cow has its own Beautyrest Mattress, will give the welcoming address.

David Roberts, understudy of Fred Astaire, will exhibit several modern dances, and the famous crooner, "Bing" Swinsick, is making a special trip from Hollywood to preside at the meeting.

To conclude the program Miss Joyce Frost, noted model of Saks Fifth Avenue, will present a fashion show.

As a pleasant surprise our aged instructor, Mr. Besanceney, who has just celebrated his 39th birthday again, will be there to greet us.

I'll just have to go to that reunion!

Say, was that a screeching of brakes out front?

"Oh, Fido, you hurt your leg. Come on, we'll have to go to the veterinarian."

"Oh nurse, could I see the doctor right away? Well if it isn't Joan Young! Why, I just read how you saved MGM studios five million dollars by nursing "Lassie" back to health.

"Oh hello, Dr. Seymour. His leg is just sprained? Now where do I go for the special bandages? Did you say the Perky Pet Shop for Those Pale Particular Pusses and Pups?"

"Well, Fido, it's all over. Wasn't that Miss Jackson, the manager of the shop, nice? Did you know that she was just awarded the Nobel Prize for the Prevention of Cruelty to Animals?"

"Well here we are at "Slim" Hyde's used car lot. Say Slim, would you put one of your "Hyde-A-Beds" in my car? Next week? O. K. I'll be over."

Home at last! Well here's the Book-of-the-Month in the mailbox. I wonder what they sent? Why it's a book of poems written by the famous poet, Louise Watkins.

Wonder what this envelope holds? My heavens, it's two tickets to the Broadway play, "Where's Harley," (formerly called "Where's Charley") Starring that new Broadway sensation, Marj Brodrick.

Well, here's a letter from Doris Cole. "Hi---just a note to tell you that I have just been made Ski Instructor at Sun Valley."

The other night the Globetrotters stopped here and believe it or not, Jim Edgerton is now coaching them.

The entertainment committee here has just signed a contract with the retiring Milton Berle. He has given up his program to that new comic, Clark Hall.

Do you remember our classmates, Jane Sweely and Lela Stone? Well, I heard the other day that their exploring party, "Sweely and Lela Stone's Shrunken Head Hunters" have just arrived in darkest Africa to look for sanforized scalps.

I saw Lucile the other day and she and Leo are now happily married and have three new "Packards."

At Bing Crosby's Golf Tournament, Lloyd Colegrove, professional golfer, beat Bing the other day.

Well, I am finally taking dancing lessons and can you guess who from? Carol Higley has just taken over the Arthur Murray Studio. She is creating a new dance called "It Takes Three To Tango."

Beverly Tribe is now resting up at Sun Valley, after representing and winning for the U.S. the swimming contest at the Olympics.

Did you hear that Lorraine Vermilyea struck oil in her back yard? Well I must sign off and start reading her book "How to Save Millions" - Doris.

Here it's two o'clock and I don't even have my dishes done. I'd better turn on the T.V. set, though, before I miss most of the Brooklyn Dodger's game. There, that's clear.

"Welcome to the annual World Series. Today it is Bower's Dodgers against the Mansfield Tigers. Bower, Manager of the Dodgers, will introduce on his team the first woman ever to play in the World Series, none other than his pitcher, Miss Barbara Sterling.

"Ladies and Gentlemen, after the game, stay tuned to the Metropolitan Opera as it will (con't)

present Lily Pons' successor, Miss Phyllis Bailey, doing the title role in "Carmen." Following this, Brian Doud and Jascha Heifitz will present a concert on the Firestone Hour. Next our T.V. camera will bring you the fight for the Heavyweight Championship between Rocky Marciano and Howard Goodrich at Madison Square Garden.

Just think-I once knew all those people and I mustn't miss those programs.

"Well, hello, kids. Did you go to your dental appointment after school? What's that? You bit Dr. Hufnagel's finger and you say she bit you back? Well, good for her, now you know you'll have to behave when you go to the dentist.

"What did you do in school today? Did I hear you right? You say that Dr. Holbert, Einstein's Assistant, came to school and helped you with your arithmetic? Why, the last I knew, he was lost in the theory of relativity.

"Children, look, your father's home! What took you so long? Oh, you would have been here sooner, but you got talking with the pilot, Bryce Jones. I don't believe that. I bet you were flirting with the cute stewardess. What? You were? The stewardess was Wanda Priest? Well then I don't blame you.

"Well, dear while I get supper will you get the news on the radio?"

"And now Walter Winchell-"Hello Mr. and Mrs. North America and all the ships at sea, lets go to press.

Sheila Brown left with Norman Rockwell and Grandma Moses today for Paris, France, where they will view Sheila's paintings which are on exhibition at the Louvre.

Bill Kennedy, renowned scientist, has just put the split atom back together.

History was made today when Ruth Anne West, who piloted her famous Rocket "Richie" to the moon, landed today in Ireland.

In Atlantic City, "Miss Pennsylvania", Gerry Townsend, was chosen "Miss America" last night in Convention Hall.

John Schmidt and his famed three wheeled car, "Succotash" has just won the race at Indianapolis.

Famous Wall Street Broker, Elaine Robson, is in John Hopkin's Memorial Hospital after an explosion of her T.N.T. stock.

Now around the world in a minute and a half!

Joan Crippen, "Toupee Tycoon" arrived in Japan today to take over her duties as the second woman ambassador.

Ringling Brothers Barnum and Bailey (Ed that is) arrived in Oslo, Norway, today where Ed will prepare the animals for the coming King's Coronation. It is with deep regret that he reports the loss of Percy, the elephant, who got sea sick and jumped overboard.

James Wandell today started his thirty-day fast, sitting on the 150 ft. flag pole outside Buckingham Palace.

The former King Farouk of Egypt has been named "Mr. Europe" today after being hypnotized into reducing by the great hypnotist, Delores Tomlinson.

Back to France: Walt Sherman has just set up a condensory for the manufacture of condensed pigeon's milk on the Riviera.

Joan Shaw, manufacturer of left handed monkey wrenches, is in Italy trying to sell them to Arturo Toscanini who has returned to his native country.

Until this time next week, Goodnight Mr. and Mrs. 48."

"Come, dear, supper's ready. Remember we have to go to the P.T.A. meeting tonight."

Do I know who's going to be there? Why no, I haven't heard yet. Did you say, Carole Witmore, the detective on the case of the "Embalmed Bedbugs," is going to talk on "Crime?" Well I can't imagine that. I did know, though, that Marilyn Bullard, the well known lecturer, is making a speech on "Why the North African Natives do not use Colgate Chlorophyll Toothpaste."

"Well now, the meeting's over, why don't we go down to Knowlton's Knight Klub. I could stand something to eat.

"Well, look over there. There's Clara Bolt, the first woman to lift a 1,000 lb. barbell. I heard that she developed her muscles under the plan of Dr. Harold Quack--er--I mean Cook, by eating toasted hay.

"I hear that Peg has a wonderful floor show. Well there goes the curtain. Hey, look, isn't that Pat Brown, the third chorus girl from the left? The last time I knew she was testing rocking chairs at Van Noy's.

"It's getting late. I guess we had better leave.

"Brother did you get a load of that mink that just went by? You know who it was? Yes, it was the manufacturer of bathtubs for midgets, Priscilla Jaquish.

"What an exciting day! I wonder what tomorrow will bring?"
